4. Job Description
  - A breakdown of the vacancy and what is expected from the successful applicant.
5. Job and Person Specification
  - A list of essential and desirable criteria for the post.

## Important Information

### The Organisation

Thank you for your interest in our advertised vacancy. Since its opening in 2009, Yorkshire Wildlife Park has evolved to become the UK's number 1 on-foot safari. We feature walkthrough exhibits that take the guest directly into the world of the animals. A dynamic centre for conservation and welfare, the park currently has around 400 animals across 70 different species. We aim to provide a quality, value for money experience that excites and inspires our guests.

Yorkshire Wildlife Park's £50 million expansion has seen a 150-acre expansion of the existing site. This includes new animal reserves, lakes and landscaping and along with The Yorkshire Hive that has retail, restaurants and a destination hotel.

### Equal Opportunities

Yorkshire Wildlife Park is committed to equal opportunities in all aspects of recruitment and employment.

Job descriptions and person specifications define the qualification, experience and other skills required for the post and will only include those factors which are necessary and justifiable on objective criteria for the satisfactory performance of the job.

As part of our commitment to equal opportunities we are monitoring job applications for equality purposes. To help us in our endeavours we ask you to complete an equal opportunities monitoring form at the end of the job application form. The equal opportunities monitoring form will be detached from your application form, stored separately and used solely to provide statistics for monitoring purposes.

### **Yorkshire Wildlife Park's Mission Statement**

To create a dynamic, interactive experience and regional centre of excellence for the conservation of biodiversity globally and locally that is sustainable both for the environment and the business. To promote a wider understanding of the natural world and inspire generations to support and protect the world around them.

### **The Animal Department at Yorkshire Wildlife Park**

It is the responsibility of the animal department to provide a high standard of care for the animals at the park. We achieve this by the supply of suitable diets and enrichment as well as building enclosures which are innovative in their design and offer a stimulating environment for the animals. We aim to interact with the public through talks to effectively communicate important welfare, conservation and environmental messages. The department contributes to conservation by being an active member in European breeding programmes, undertaking fundraising for in situ projects and by facilitating research within the park.

Each member of staff needs to research and learn about conservation issues, have a good knowledge of the animals (in situ and ex situ), the conservation projects we support, breeding programmes we are involved with, experiences we offer and how zoos and parks are organised and work. They also need to have a full knowledge of the park and its visitor facilities.

### **Use of Curriculum Vitae (CVs)**

Our policy is to recruit and employ our employees on the basis of their suitability for the vacancy.

An application form allows us to compare individuals based on the same criteria and as such we do not accept a CV unless it is accompanied by a fully completed application form.

### **Shortlisting**

To ensure that the people we employ are matched to the role and our business aims, we operate a robust shortlisting procedure which involves a two-stage interview process. Candidates should ensure before they apply for a position with YWP that, as a minimum, they meet the essential criteria outlined in the person specification.

Due to the volume of applications that we receive, it is our policy not to inform candidates who have not been shortlisted to interview stage. If you do not hear from us within one month of the closing date, we will have decided not to take your application any further.

### **Pre- employment Checks**

All offers of employment are made subject to the following criteria:

Proof of eligibility to work in the UK and two satisfactory references.

### **How to Apply**

All applicants are required to fully complete the YWP application form in order to be considered for any vacancy. You should refer to the person specification when completing Section 5 of the application form as this is the criteria we use to measure you against.

Complete application forms should be returned to the HR Department by midnight of the closing date specified. Late applications will not be accepted under any circumstance.

Yorkshire Wildlife Park promotes green practices, please support us in our endeavours by completing the application form electronically and returning via email.

A CV can be used as a supportive document to the application form but cannot be used to replace any part of the application form. Applicants who have used their CV to replace parts of the application form will have their application rejected.

Complete application forms should be returned to the HR Department via email:
